Historical language advisory

Certain parts of the Library and Archives Canada (LAC) collection contain historical language and content that some may consider offensive, for example, language used to refer to racial, ethnic and cultural groups. Items in the collection, their content and their descriptions reflect the time period when they were created and the view of their creator. The items retain their original descriptions to ensure that attitudes and viewpoints are not erased from the historical record. LAC provides additional descriptive information to give background on the records. This is an ongoing process. For more information, please visit LAC's [Historical language advisory](#) page.

Mise en garde – terminologie historique

Certaines parties de la collection de Bibliothèque et Archives Canada (BAC) renferment de la terminologie et des contenus à caractère historique que certains pourraient considérer comme offensants, notamment au chapitre du langage utilisé pour désigner des groupes raciaux, ethniques et culturels. Les éléments qui composent la collection, leurs contenus et leurs descriptions sont le reflet des époques au cours desquelles ils ont été créés et des points de vue de leurs créateurs. Les descriptions d'origine sont conservées afin que ces attitudes et perspectives ne soient pas supprimées des sources historiques. BAC fournit toutefois des renseignements descriptifs supplémentaires dans le but de donner davantage de contexte aux documents, le tout dans le cadre d'un processus évolutif. SCHOOLS BRANCH
DEC 28 1927

Sir,

While at Skidegate I find that the new teacher and nurse are doing good work, and they are well liked by all. They are both staying at the Mission house with the clergyman's family, and this does not seem to be a very happy arrangement, and at the same time it is too much to be expected of Mrs. Matthews for she has a family of three children. This arrangement of boarding at the Mission house has caused trouble in previous years. Hence the reason for my putting in an estimate for a teacher's residence, in the annual estimates for 1928-29. I feel however, that something will have to be done before a permanent residence can be built. I would like to suggest that the Department supply furniture so that the Nurse and Teacher can live together in a building which I can secure for them. This would be a temporary arrangement, but the furniture could be such that it can be used later in a new residence, if the Department desires to erect a new building. I would suggest the following items,

Cooking stove.	\$ 50.00
Heating stove.	15.00
Two beds complete.	40.00
Linoleum.	15.00
Three chairs.	6.00
Cooking utensils	10.00
Bedroom china	5.00
Bureau.	20.00
	<u>\$161.00</u>

The following will be required to ~~improve~~ improve the house conditions,

Two doors.	\$12.00
Wood shed.	10.00
Toilet.	8.00
5 cords firewood.	54.00
	<u>\$84.00</u>

If the above meets with the Department's approval please wire, so that I can make arrangements as early as possible. The prices of household furniture given are merely estimates based on mail order prices, but the total given will probably cover all that is required.

J. Hullett

Sir:

I have your letter, undated, in which you recommend that authority be granted you to purchase certain furnishings to fit up a residence for the teacher and nurse at Skidegate and also to supply fuel, etc. In this connection I beg to confirm the following night-lettergram to you of yesterday's date: -

"Reference your letter recent date you may prepare house for teacher and nurse at Skidegate, purchase furniture and fuel at an approximate total cost of \$250."

In the purchase of the various articles of furniture and improving of the condition of the house, the expense should be kept down to the lowest possible point. After the furnishings have arrived and the house has been improved and the fuel obtained, you should forward accounts, in duplicate, properly certified, covering the expense.

It is noted that the present arrangements for the boarding of the teacher and nurse are unsatisfactory and that you will be able to obtain a building which can be fitted up as a residence for them. I shall be pleased if you will furnish particulars regarding this house, stating its present condition and whether it will be necessary to pay rental for same or not. It is thought that if the house which you can obtain is satisfactory, after slight repairs, it might be possible to purchase same or arrange for its rental for a term of years and have any repairs required carried out in order to provide suitable future accommodation for the teacher and nurse at this point. Please report regarding this matter.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy and Secretary.

Dear Sir,-

Re Residence for Nurse and Teacher, Skidegate.

Replying to your letter 157-11-8, Dec 29th, I beg to report that the house secured for the teacher and nurse at Skidegate is one which originally belonged to a mining company who had a lease from the Band near the village. In default of payment, the Council took possession of the house and moved it onto the Reserve. This was done several years ago. Miss Andrews lived in it for a time. It is a two-roomed frame building 22x14, and is not satisfactory as a permanent residence. The Council is putting on a lean-to, laying on the water and making it as comfortable as possible. The two doors mentioned in my estimates for repairs etc will not be charged to the Department, as the Council is standing all expenses regarding repairs. The Council will rent this house for ten dollars (\$10.00) per month, and keep it in repair. After a suitable house is provided for the teacher and nurse, I would recommend that the Department still rent this house as an office and living quarters for the agent when at Skidegate. It is very unsatisfactory to have to do all business in private houses, as at present.

Regarding a permanent residence for the teacher and nurse, the Skidegate Council ask that their Trust fund be used for this purpose, and that they rent the house to the Department for Twenty dollars (\$20.00) per month, to be paid to the Treasurer of the Council each month. The Council would be responsible for the upkeep and repairs. This meets with the approval of the whole village. If the Department agrees to this, I would appreciate having an early reply, so that the house could be built before all the villagers scatter for the fishing about May.

Your obedient servant,

The Assistant Deputy and Secretary, Indian Agent.
Department of Indian Affairs,
Ottawa.

Reverend Sir:

I have your letter of the 28th ultimo, with reference to a residence for the nurse and teacher at Skidegate. I note that temporary provision has been made. I regret that I cannot agree to the proposal that the Skidegate Band use their Trust Funds for the erection of a permanent residence. I shall try to secure an appropriation of Parliament for this purpose.

When the teacher and nurse have a permanent residence, you should then write to the Department regarding an office and living quarters for the agent when at Skidegate.

A. F. MacKenzie,

Dear Sir,-

When at Skidegate recently, I interviewed the new teacher, Miss Wright. She is an elderly lady, and xaxx seems rather eccentric. She refuses to share a room with any other person. She is at present living in the house which Miss MacRae and Mrs. Gladstone occupied. There is only one bedroom and medicines are also kept in the same room. The clergyman, Mr. Matthews does not care to board the teacher. When the new Nurse arrives, there will be the question of accommodation. There is, however, a suitable house in the village which can be purchased for \$1200.00. This house is in good condition. Only one bedroom is completed, but another one could be finished off, and other work such as boarding in around the foundation, and a room finished as a dispensary, for approximately \$250.00 for labour and material. This would give six rooms, which would accommodate both the Teacher and Nurse. I asked Messrs Mitchell and Currie, who built the Massett School, for an estimate on a suitable ^{house} for two people, and they gave the figure, \$2300.00. The house mentioned above, would also be large enough to accommodate an extra teacher when required. It is owned by an Indian by the name of James McKay, and is in a good location, close to the School. I would recommend that this house be purchased.

I have your letter of the 19th ultimo, with reference to a residence for the teacher of the Skidegate Indian Day School and the nurse. I note you recommend the purchase of a residence that is already built, near the school, at a price of \$1200, and that it could be fitted up for both workers and with a room as dispensary, for approximately \$250. You might let me have a detailed description of this house, with a small picture or two, so that the Department can give the question more intelligent consideration. Dear Sir,-

Replying to your letter of Oct. 1st, I beg to say that I am forwarding the blue prints of the house at Skidegate, mentioned in my previous letter. The house is on the Indian Reserve, and was built in 1914. It practically follows the plan in every detail, except that there is no partition on the first floor between the living room and bedroom as shown in the plan. Also there is only one bedroom finished upstairs. The house is in good condition, and is painted outside and inside. I do not think the Department would be making a mistake in buying this house. There is a fair sized lot fenced in around the building.

If the Department decides to purchase the house, I would appreciate a wire, so as to give the party time to move out, and have the alterations made, in case a new Nurse should arrive.

Your obedient servant,

J. Gillett

Memorandum:OK *all*
DR. SCOTT.

For some time the Department has been renting a residence for the teacher at the Skidegate Indian Day School. When a nurse was appointed for this reserve, she lived with the teacher; but the arrangement was unsatisfactory, as the house was too small. In January of this year, the Indian Band requested the Department to use their Trust Funds for the erection of a residence for the teacher and the nurse and to allow the Band \$20 per month rental. This suggestion was not approved, and the Department informed Indian Agent Gillett that we would try to secure an appropriation for the purpose of erecting a suitable residence for these workers.

Miss Wright, the present school teacher, is no longer young and is a little eccentric, according to Mr. Gillett. She, apparently, refuses to share a room with any other person. Mr. Gillett recommends that we purchase a residence erected in 1914 on the reserve, which is for sale. The price is \$1200 and, with another \$250, it can be finished, decorated and prepared as a residence for the two workers and as a dispensary. Blue prints of this building have been forwarded and Mr. Orr and myself wish to recommend that purchase be made. Funds can be found at the present time from this year's appropriation.

For some time the Department has been renting a residence and when a nurse was appointed she also resided with the teacher. The local Indian Agent has recommended that the house of James McKay, an Indian, erected in 1914, and in good condition, be purchased. The house is large enough to provide accommodation for both the teacher and nurse and also an extra teacher should same be appointed. It is on the Reserve in a good location close to the school and the lot on which it stands is fenced. The Agent states that the price asked is reasonable. Rev. Sir:

- WITH CHEQUE -

I have your letter of the 19th ultimo, enclosing blue prints of the house at Skidegate, the property of James McKay, an Indian, which you recommend be purchased and fitted up as a residence for the teacher and nurse.

In this connection I beg to confirm our night letter-gram of the 31st ultimo as follows:

"Reference your letter 19th instant. Department will purchase residence for teacher and nurse at Skidegate. Cheque for \$1200 in favour of James McKay and quit claim deeds being mailed. You may finish second bedroom, board up foundation and prepare room as dispensary all at estimated cost \$250."

You may arrange to have the work in fitting up this house as mentioned in the above telegram carried out, and the cost, if possible, should not exceed the amount stated. You should arrange for the purchase of any material required and for the labour. When the work is completed, you should forward accounts, in duplicate, properly certified, covering the cost of the material and for the labour.

I am enclosing herewith cheque No. 4459 for \$1200, being the amount of the purchase price of the residence.

I am also enclosing herewith a quit claim deed, in duplicate, for execution by James McKay, in the presence of a subscribing witness. You should fill in all particulars on the deed, and it is specially requested that you give a full description by metes and bounds of the property which is being acquired. When this deed has been executed by James McKay, you may hand him the enclosed cheque. Care should be taken to see that the quit claim deed is properly filled in, in duplicate, and also that the affidavit of the witness to the signature of James McKay is completed.

We note that the lot on which the house stands is fenced, and it is hoped that when the alterations which you have been authorized to make in the house are completed ample and satisfactory accommodation will be provided for the teacher and the nurse, also for an extra teacher, should same be appointed.

Your obedient servant,

Dear Sir,-

I enclose herewith Voucher No. 362 for rental for the house occupied by the teacher and nurse, at Skidegate. I would suggest that the cheque be sent direct to the Skidegate Council, for they went to considerable expence to put the house in good condition before renting it to the Department. They spent one hundred and twenty-four dollars for this, according to their books, which I audited recently. Perhaps the best plan would be to have this rent paid in to the trust fund as before, and then have the Council submit a bill for the full amount spent. Kindly advise. I hope the teacher will be able to move into the new quarters, by January.

Dear Sir,-

I am enclosing herewith the Bills in connection with the repairs to the Nurse's and Teacher's residence at Skidegate. The amount is slightly over the estimate I gave, but I have had three bedrooms made on the second floor, so as to provide for the accommodation of a possible second teacher. On the ground floor there is a kitchen, pantry, dispensary, and dining and sitting room combined. I neglected to make any provision for the building of a chimney, so for the present stove pipe has been purchased and put in. I think, however, that a brick chimney would be better and safer, although very few houses in the village have them. I will find out the actual cost of one, and report on this later. The only outstanding bill in connection with this residence, is for the moving of the furniture and drugs etc., from the old place. This has not yet come to hand.

Ottawa, 6th April, 1929.

Sir,-

Referring to your letter of the 23rd ultimo, and previous correspondence regarding the building at Skidegate which was occupied by the teacher and nurse, I have to inform you that receipts covering the expenditure incurred for repairs are required before the Department will give consideration to the question of paying the accounts which you submitted.

I have to point out also that you have not answered the enquiry in official letter of the 22nd February as to "whether the house has been rented, and if so by whom it will be occupied?" Information on this point should be supplied.

The Voucher submitted requests payment in favour of the Skidegate Council. In the event of the issue of a cheque the Department wishes to be informed what the Council would do with the money if paid to them. If it is the Council's desire that the money be used for the benefit of the band in general it seems advisable to leave it for the present to credit of the band account, and later on application can be made for expenditure in a judicious manner, so that the Indians in general may benefit from the use of the money.

Masset, B.C.
March 23rd, 1929.

Dear Sir,-

Replying to the Departmental letter No. 157-11-8, of Feb. 22nd, 1929, I beg to say that the material mentioned in voucher No. 401 was purchased in January 1928. The Skidegate Council at that time fixed up the building so that the teacher and nurse could occupy it. Up until that time they had been boarding at the Mission House, but this arrangement was found unsatisfactory. As no other house was available at that time, the Council repaired the place with the understanding that the Department would rent it for the teacher and nurse, and the rent paid directly to the Council, which would compensate for the material and labour on the repairs. The rent however, has been paid into their Trust Fund.

Departmental letter No. 157-11-8 of Dec. 29th, 1927, which confirmed a telegram contained the following, ".....You may prepare house for teacher and nurse at Skidegate....." The Council offered to put the house in good shape and rent it. This I thought a better plan than having it done at the Department's expense, as the idea was that it would only be a temporary residence for the teacher and nurse. There were no bills, therefore, submitted to the Department for repairs to the building, but vouchers were sent for rental, and these were paid to the Trust Fund of the Band.

There were no receipts sent in with Voucher 401 as the Council had purchased the material, and the receipts were not kept. The items in Voucher 401 were copied from the Council's books at Skidegate. Matthew Williams, the Hardware merchant, has since given me a receipt for the material which was purchased at his store. According to the Council's books the shingles and lumber was purchased from various individuals in the village and at Queen Charlotte City. No bills were secured from the different parties. The material was used in repairing the building, woodshed and toilet, and I certify to the correctness of this statement.

The Skidegate Council unanimously decided to ask the Department to reimburse them out of the Trust Fund, for the amount which they expended on the house for the teacher and nurse. I therefore recommend that Voucher No. 401 be paid out of their Trust Fund as they are at present short of funds.

Sir,-

In reply to your letter of the 14th ultimo, in which you state that Mr. James Martin claims that cheque No. 7357 issued to him last March, payment for pipes and fittings for Skidegate teacher's residence, was for only \$10.05, I would say that the cheque which is at headquarters shows that it was drawn for \$14.05 and was cashed on the 22nd March, in the Bank of Commerce, at Prince Rupert. It bears the endorsement of James Martin. In view of this it is not understood what Mr. Martin means by claiming the cheque was drawn for \$4.00 less than the amount of his account.

Rev. Sir:

I have your letter of the 19th ultimo, relative to the renovating of the house used as a residence for the teacher and nurse at Skidegate, also to the erection of a new chimney and the supplying of a quantity of furnishings.

In reply I beg to say that you may arrange to have a brick chimney erected. We note that you estimate the cost of material and labour in the building of this chimney to be approximately \$60.

You may also arrange to have the whole house given a fresh coat of kalsomine and the floors painted. It is noted that the approximate cost of the labour and material in carrying out this work will amount to \$60.

You may arrange for the purchase and delivery, for the residence, of the following furniture:

Small dining set, table and four chairs,
Two dressers for bedrooms,
Living room suite (7 piece),
2 Congoleum rugs,
1 Bed, spring and mattress,

also for the freight, cartage, setting up, etc., of same. We note that you estimate the cost, including freight, etc., to be \$130.70.

After all the above work has been carried out to your satisfaction and the furniture supplied, you should forward accounts, in duplicate, properly certified, covering the cost.

Your obedient servant,

Rev. J. Gillett,

Masset, B.C.
July 19th, 1929.

Dear Sir,

In the allowance made for the renovating of the house for the use of the teacher and nurse at Skidegate, no provision was made for a brick chimney. I think it would be advisable to have one erected. Five hundred brick will be necessary. The approximate cost would be,

Brick, delivered at Skidegate....	\$20.00
Hauling to residence.. ..	5.00
Lime and sand delivered	3.00
Labour bricklaying.....	25.00
Lumber for foundation.....	2.00
	<u>\$60.00</u>

I would like to recommend also that the whole house be given a fresh coat of kalsomine, and the floors painted. The new work done last year was not kalsomined, and all the old walls needs a fresh coat. The approximate cost for labour and material for this would be \$60.00

I would also recommend that the following furniture be purchased for the residence, counting on a second teacher, and also the nurse. One bureau, 2 beds etc. are already in the house.

Small dining set, table, four chairs.....	\$ 21.50
Two dressers for bedrooms.....	\$12.00 ea. 24.00
Living room suite (7-piece).....	37.50
2 Congoleum rugs, \$7.85 each.....	15.70
One bed, spring and mattress.....	20.00
Freight, cartage, setting up etc. Approx.	12.00

\$130.70

The above were not provided for in the estimates sent in last year, as the house had not been purchased at that time by the Department. The teacher and nurse were then living in a two roomed place which did not require very much furniture. I hope, however, that the Department will give permission for the above to be provided for the teachers and nurse.

Sir:

Referring to that portion of your letter of the 26th ultimo, informing the Department of the repairs and painting required to the roof of the teacher's residence at the Skidegate Indian Day School, I have to say that we will have no funds this year to carry out any extensive work at this school.

I have to request that you will state whether any reshingling is urgent or if this work could not stand over for another year. If, however, you consider that certain work should be carried out, I would request that you state, in detail, the amount of shingling you would recommend be done and the approximate cost of same, including material and labour. We would not be prepared to authorize any expenditure this year in staining the roof. When we have information as to the cost of the shingling necessary, consideration will then be given as to whether funds for the purpose can be provided or not.

Sir:

I have your No. 197/11/29526, of the 25th instant, enclosing a communication which you received from Mr. Agent Gillett, Massett, in which he recommends that the teacher's residence at Skidegate be reshingled and stained. It is noted he gives an estimate of the cost of material and labour for the purpose.

In reply I have to say that, as our funds this year have been considerably reduced, we are unable to authorize any painting or redecorating at Indian schools. However, the Department will approve of an expenditure not exceeding \$110 in the purchase of shingles, nails, galvanized iron for flashings, and for the labour of removing the old shingles and putting on the new ones. I enclose Encumbrance Requisition, authorizing the expenditure required, to the above amount. You should arrange with the Agent to purchase the shingles and have the work carried out. When completed to his satisfaction, he should forward an account, in triplicate, properly certified, covering the expenditure incurred. Full details should be given regarding the labour, the number of hours and the rates paid. On each copy of the voucher, please have him state that the expenditure was incurred under authority of E. Sir,-

I enclose a letter in duplicate, in the matter of re-shingling and staining the roof of the teachers' residence at Skidegate.

Last year the roof was patched and re-nailed as the Department did not wish to incur the full expenditure. I consider that it is not wise to put it off any longer.

Sir,-

I would recommend that the teachers' residence at Skidegate be re-shingled and stained. The following is an estimated cost of the work.

54
25
110

15 thousand shingles @ 3.60 delivered.....	\$ 54.00
60 lbs. nails delivered.....	7.00
Galvanized iron for flashings.....	2.00
Paint brush.....	1.00
10 gallons shingle stain @ \$2.00.....	20.00
Labour, removing old shingles, re-shingling and staining.....	60.00
	<u>\$ 144.00</u>

In the estimates for 1933-34 I placed the amount at \$225.00, but this included hot water fixtures. I find now that the latter would not be practical on account of the water pressure being not sufficient in the winter.

J. Gillett
